**Our Mission:** The Central Florida Women's Resource Center supports our community by recognizing the power of women; celebrating women's achievements; connecting with and encouraging other women's organizations; and identifying, impacting and supporting women's social, educational, health, political, economic, spiritual and artistic issues.

**Basic Criteria:** Nominee cannot be a current Women's Resource Center board member or a current Women's Resource Center advisory board member. A nominee must have resided in or benefited the Central Florida area for a minimum of 25 years. Nominees are considered based on their countless hours of non-job related community service that has positively impacted our community, their support of women's issues and role model for others. **Both prior Summit Award winners and non-Summit Award winners can be nominated for this award. This nomination form will be the sole criteria for whether or not your candidate is selected, so please be as complete as possible.
